and Dr. Michael Wohlfeiler
- U.S. Senator Bill Nelson
- Daniel T. Wall

CAEAR Coalition successfully advocated for reauthorization of the federal Ryan White Program in the 2009 Congressional session, leading a national coalition that ensured that this valuable resource continued to address the needs of the most vulnerable people living with HIV/AIDS in the United States. CAEAR Coalition is working closely with members of Congress and our national partners to assure that adequate funds are appropriated for HIV/AIDS medical care and supportive services through the Ryan White Program.

In recent years, CAEAR's Annual Partnership Awards event has been held in San Francisco, Los Angeles, and Washington DC, raising nearly \$40,000 annually to support the advocacy work of CAEAR Coalition.

About CAEAR Coalition

The Communities Advocating Emergency AIDS Relief (CAEAR) Coalition is a national membership organization which advocates for federal policy, legislation, regulations, and appropriations to meet the care, treatment, support and prevention needs of people living with HIV/AIDS and the organizations that serve them, focusing on health care reform and the evolving role of the Ryan White Program.

CAEAR Coalition is a leading voice in Washington for HIV/AIDS care and treatment and for over fifteen years has led the annual federal appropriations advocacy effort for the Ryan White Program's services in the hardest-hit urban areas and at community health centers nationwide. Funds from the 11th Annual CAEAR Coalition Partnership Awards Dinner will be used to support CAEAR Coalition's ongoing advocacy work in Washington, DC.

The Ryan White Program Saves Lives

The Ryan White Program funds primary health care, medications, and support services for people living with HIV/AIDS who lack health insurance or financial resources for their care. The Ryan White Program is one of our nation's, and Florida's most important tools in the fight against HIV/AIDS.

Florida receives more than \$200 million per year through the Ryan White Program.

Without this federal financial support, medical services to thousands of local residents would be jeopardized. The CAEAR Coalition works hard to communicate to our elected officials that the Ryan White Program is working well and should be fully funded.
